# Newport Hospital's Donor Amenity Program

Founded and funded by philanthropy, Newport Hospital has delivered health with care to our community for generations. For 150 years, generous supporters like you have continued to step forward, allowing Newport Hospital to evolve into the state-of - the-art facility it is today and emerge as the cornerstone of health in the community.

As an expression of our gratitude, the Newport Hospital Foundation is pleased to offer our donor amenity program, **Friend of the Foundation (FOF),** a program designed for our loyal and generous friends who continue to help us fulfill our mission of *Delivering health with care.*

The Friend of the Foundation program is offered to qualifying donors who reach an annual giving level of $7,500, with additional benefits and an enhanced experience for those who achieve annual giving of $25,000 or more to the Newport Hospital Foundation.

The program does not facilitate a higher standard of care or expedited care from clinicians and specialists. In order to protect the integrity of the program and our relationship with clinical staff, the Newport Hospital Foundation reserves the right to restrict or rescind FOF privileges for those who demonstrate breaches of Lifespan's CARE values.
